My dear Hooker.

I am informed by Mr Piper Hoon.
Secy London Institution that
Mr Simmonds has sent a note to him
practically withdrawing from the candidateship
pluimarian on the score of age.

Yours very sincerely

Dear Sir,

I much regret that I am unable to accept, in consequence of previous engagement, the polite invitation which the Council of the Edinburgh University Club have done me the honour to send me for the 14th of May. I have to excuse myself for not having answered your note sooner; it went from Cranford to

Brighton and then to this place.

I am

Yours truly
